Market Segmentation

The most important component of an effective Web Design company business plan is its accurate marketing analysis. If you are starting on a smaller scale, you can do marketing analysis yourself by taking help from this web design business plan sample or other web design business plans available online.

To unlock help try Upmetrics!

Robid Inc. will focus on small businesses and institutions that are looking to develop or upgrade their web presence. Our approach will be step-by-step; starting with a simple, basic website and improving it to meet their changing needs.

To unlock help try Upmetrics! 🙃

Start Writing here...

Target Market Segment Strategy

We will focus our marketing efforts on attracting institutions and small businesses. We reached this decision after careful market analysis and identifying the needs of this market segment. The high demand for web services by this market is an opportunity that will not pecossitate expensive To unlock help try Upmetrics! 🔓 marketing to attract.

Start Writing here...

Market Trends

The most notable trend in the industry currently is mass migration online. Small businesses are either waiting to migrate or are looking to upgrade their already existing sites to suit the rapidly changing industry.

Major businesses and companies are also taking th

Main Competitors

Features

Peetle Graphics

It is located 5 miles from Kapolei and provide graphic and web development services. They have a loval and established customer base. However, the company has only two employees; Mr. John Peetle and his son Peter. They work from home and are unable to meet all the needs of the market.

Create Innovations

They are located 10 miles from Kapolei and offer web development and design services to small businesses in Kawai and neighboring towns. They have a fairly wide customer base due to their large area of operation. They offer services to small businesses but charge highly, which does not go well with most of their clients.

Wackyweb Inc

It is located approximately 30 miles from our offices and offer services in marketing and web development. They have been in existence for over seven years and have a talented team of programmers and developers. Their pricing is, however, too high for the small and medium-sized businesses that they are now trying to attract.

Business Participants

Three types of firms make up the web services industry:

- Large companies: They generate high revenue and serve top companies. There are a few dominating participants in this category worldwide
- Then there are firms that offer proprietary, all-
