# Upmetrics vs Financial Spreadsheets

Spreadsheets can be a powerful tool for preparing complex financial reports and forecasts. However, using them can be quite time-consuming, intimidating, and frustrating.

The image shows two side-by-side screenshots. On the left is the Upmetrics 'Financial Plan' interface, which is clean and user-friendly. It features a sidebar with 'Profit & Loss', 'Balance Sheet', and 'Cash Flow' options. The main area displays a 'Profit & Loss' statement for the year 2023-24, with a table of financial metrics. Below the table is a form titled 'What price will you charge for each unit?' with a 'Comment Ahead' button and a 'View generated over time' button. On the right is a screenshot of a standard spreadsheet interface, showing a grid with columns A-E and rows 1-17. A formula '=PERC(100)' is visible in cell C4. The spreadsheet interface is cluttered with various icons and menus.

	2023-24	2024-25
