Business planning that's simpler and faster than you think

Creating a business plan using Upmetrics to start and grow a business is literally the easiest thing in the World. Simply read the instructions and fill in the blanks. It's as simple as that.

Upmetrics has everything you need to create a comprehensive business plan.

AI-powered Upmetrics Assistant

AI-powered insights to streamline your plan

Not sure where to start? Upmetrics' AI Assistant will automatically generate ideas for each section of your plan and offer improved versions of your writing, adjusting for tone, voice, and grammar or spelling errors.

Financial Forecasting Tool

All the financials are calculated for you

Forget the complex formulas and clumsy spreadsheets – with automatic financials and drag-and-drop forecasting, you can finish your plan faster and be confident that your numbers are accurate.

Business Plan Builder

Guides you like a business mentor

Upmetrics' step-by-step instructions, prompts, and the library of 400+ sample business plans will guide you through each section of your plan as a business mentor.

Join over 110K entrepreneurs who trust **Upmetrics with Business Planning**

Create a comprehensive business plan and maximize your chances of securing funding, bank loans, and small business grants.

Create your business plan today

15-day money-back guarantee

1.

Executive Summary

REMEMBER

An executive summary is the first section of the business plan intended to provide an overview of the whole business plan.

To unlock help try Upmetrics!

Help tip

Engineering Consulting Business Plan

Start your executive summary by briefly introducing your business to your readers.

This section may include the name of your engineering consulting business, its location, when

Competitive analysis

Alpha Engineering Innovators

Founded in [Year], Alpha Engineering Innovators has established its presence predominantly in the [specific region, e.g., North-East] sector, focusing on [specific service, e.g., industrial engineering solutions].

With a workforce of over [X number] employees, they've successfully executed over [Y number] projects.

Features

Specialized [specific service, e.g., automation design].

On-site training and workshops for clients.

Extensive post-consultation support.

Strengths

Strong regional presence and recognition.

Comprehensive post-project support leading to higher client retention.

Partnerships with leading [industry-specific partners, e.g., manufacturing entities].

Weaknesses

Limited focus and expertise outside the [specific service, e.g., industrial engineering] domain.

Relatively slower adaptation to technological advancements.

Lesser emphasis on sustainability and eco-friendly solutions.

Beta Engineering Solutions

Beta Engineering Solutions, operational since [Year], boasts a diverse portfolio that spans across [specific domain, e.g., civil and mechanical engineering].

With their headquarters in [City], they have a global outreach, catering to both local and international clientele.

Features

- Multi-domain engineering consultancy.
- Advanced [specific tool, e.g., 3D simulation techniques].
- Collaboration with research institutions for continuous innovation.

Strengths

- Broad service spectrum attracting a diverse clientele.
- Cutting-edge technological solutions that resonate with modern demands.
- Strong academic and research affiliations.

Weaknesses

- Diffused focus leading to occasional lapses in specialized solutions.
- Higher pricing models making it inaccessible to smaller enterprises.
- Limited regional presence in certain key areas like [specific region, e.g., the South-West].

Market trends

 Help tip

 Engineering Consulting Business Plan

Analyze emerging trends in the industry, such as technology disruptions, changes in customer behavior or preferences, etc. Explain how your business will cope with all the trends.

To unlock help try Upmetrics! 

Start writing here..

Regulatory environment

 Help tip

 Engineering Consulting Business Plan

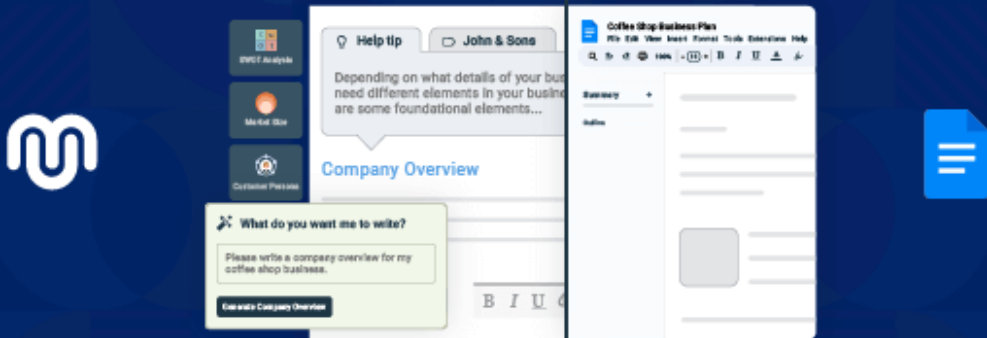

List regulations and licensing requirements that may affect your engineering consulting company, such as professional licensing & registration, industry-specific regulations, intellectual property protection, ethical & professional standards, etc.

Help tip

Mention the engineering consulting services your business will offer. This list may include services like,

To unlock help try Upmetrics!

Services

Engineering Design & Analysis

Price: **[\$10,000] per project scope**

A comprehensive service that encompasses the creation, testing, and refinement of infrastructural and technical designs tailored to the client's specific requirements.

Specifications

- Use of [specific software, e.g., AutoCAD, SolidWorks] for design.
- Advanced simulation tests to predict real-world performance.
- Iterative feedback loops for design optimization.
- Dedicated project lead for client interactions and feedback incorporation.

Project Management & Planning

Price: **[\$5,000] per month**

Ensuring projects stay on schedule, within budget, and meet quality standards from inception to completion.

Specifications

- Resource allocation and optimization.
- Regular milestone checks and progress reporting.
- Risk assessment and contingency planning.
- Coordination with all stakeholders to ensure smooth execution.

Sustainable Engineering Solutions

Price: **[\$12,000] per solution implementation**

Delivering eco-friendly, energy-efficient designs and systems for modern infrastructural needs.

Specifications

- Solutions compliant with [specific standards, e.g., LEED, Green Building].
- Use of sustainable materials and energy-efficient methods.
- Lifecycle analysis to predict and optimize long-term sustainability.
- Collaboration with environmental experts for solution validation.

Technology Consulting & Innovation

Price: **[\$7,000] per consultation session**

Empowering businesses with the latest technological strategies to innovate and stay competitive.

Specifications

- Assessment of current technological landscape of the client.
- Recommendations based on latest tech trends, including [specific technologies, e.g., IoT, AI, cloud computing].
- Implementation roadmap for tech solutions.
- Post-implementation support and tech stack updates.

Education & Training

Price: **[\$3,500] per workshop**

Workshops, seminars, and training sessions to equip clients with tools and knowledge to make the most of our solutions.

Specifications

- Tailored content based on client needs.
- Hands-on sessions with real-world scenarios.
- Provision of training materials and post-session resources.
- Feedback collection for continuous training improvement.

Maintenance & Asset Management

Price: **[\$2,500] per quarterly review**

Periodic reviews, updates, and maintenance services to ensure the longevity and peak performance of implemented systems and designs.

Specifications

- Systematic asset auditing.
- Predictive maintenance using [specific tools, e.g., AI-driven analytics].
- On-site and remote maintenance support.
- Asset optimization recommendations.

Risk Assessment & Management

Price: **[\$4,000] per assessment**

Evaluating potential risks in projects and crafting strategies to mitigate them, ensuring project security and viability.

Specifications

- Detailed risk profiling using [specific methodologies, e.g., SWOT, PESTLE].
- Quantitative and qualitative risk assessment.
- Development of risk mitigation and contingency plans.
- Periodic risk reviews during project lifespan.

Additional Services

 **Help tip**

 **Engineering Consulting Business Plan**

Mention if your engineering consulting company offers any additional services. You may include services like education & training, maintenance & asset management, risk assessment & management, etc.

5.

Sales And Marketing Strategies

REMEMBER

Writing the sales and marketing strategies section means a list of strategies you will use to attract and retain your clients.

To unlock help try Upmetrics!

Help tip

Engineering Consulting Business Plan

To create an effective introduction for your "Sales and Marketing Strategies" chapter, start by setting the stage within your specific industry or market.

To unlock help try Upmetrics!

Unique Selling Proposition (USP)

Help tip

Engineering Consulting Business Plan

Define your business's USPs depending on the market you serve, the equipment you use, and the unique services you provide. Identifying USPs will help you plan your marketing strategies.

To unlock help try Upmetrics!

Start writing here..

Pricing Strategy

Help tip

Engineering Consulting Business Plan

Describe your pricing strategy—how you plan to price your services and stay competitive in the local market. You can mention any discounts you plan on offering to attract new customers.

To unlock help try Upmetrics!

Start writing here..

Discuss your marketing strategies to market your services. You may include some of these marketing strategies in your business plan—social media marketing, Google ads, email marketing, content marketing, and targeted advertising.

To unlock help try Upmetrics! 

Marketing strategies

Online

Social Media Marketing

Harnessing platforms like [specific platforms, e.g., LinkedIn, Twitter] to showcase our projects, share insights, and engage with potential clients.

Google Ads

Implementing targeted ad campaigns to attract clients actively seeking engineering consultancy services.

Content Marketing

Regular blogs and articles, positioning [XYZ] as a thought leader in the engineering consultancy domain.

Email Marketing

Periodic newsletters and insights, keeping our audience informed about industry trends and our offerings.

Targeted Advertising

Collaborating with industry journals and platforms to ensure our presence is felt where it matters most.

 **Help tip**

Outline the strategies you'll implement to maximize your sales. Your sales strategies may include partnering & collaborating with other businesses, offering referral programs, etc.

To unlock help try Upmetrics! 

Sales strategies

Partnering & Collaborating

Forming alliances with [specific businesses, e.g., construction firms, architectural agencies] to ensure a steady flow of projects.

Referral Programs

Incentivizing our existing clientele to refer our services, thus amplifying our reach through trusted networks.

 **Help tip**

Describe your customer retention strategies and how you plan to execute them. For instance, introducing loyalty programs, discounts & offers, personalized service, etc.

To unlock help try Upmetrics! 

Customer retention

Loyalty Programs

Offering discounts and additional services to repeat clients, recognizing their trust in our services

Periodic Feedback

Regularly gauging client satisfaction and making iterative improvements, emphasizing our commitment to excellence.

Personalized Service

Assigning dedicated consultants for clients, ensuring they always have a familiar point of contact.

6.

Operations Plan

REMEMBER

When writing the operations plan section, it's important to consider the various aspects of your business operations.

To unlock help try Upmetrics!

Help tip

Engineering Consulting Business Plan

To create an effective introduction for your "Operational Plan" chapter, start by emphasizing the pivotal role of efficient operations in the success of your business, underscoring how they directly impact the quality of services delivered.

To unlock help try Upmetrics!

Start writing here..

Staffing & Training

Help tip

Engineering Consulting Business Plan

Mention your business's staffing requirements, including the number of employees, engineers, or technicians needed. Include their qualifications, the training required, and the duties they will perform.

To unlock help try Upmetrics!

Start writing here..

Operational Process

Help tip

Engineering Consulting Business Plan

Outline the processes and procedures you will use to run your engineering consulting business. Your operational processes may include client acquisition & proposal development, project initiation & planning, research & data collection, etc.

To unlock help try Upmetrics!

Start writing here..

Equipment & Software

 **Help tip**

 **Engineering Consulting Business Plan**

Include the list of equipment and software required for engineering consulting business, such as communication tools, project management software, field equipment, financial & accounting software, etc.

Upmetrics vs Financial Spreadsheets

Spreadsheets can be a powerful tool for preparing complex financial reports and forecasts. However, using them can be quite time-consuming, intimidating, and frustrating.

The image shows a side-by-side comparison of two financial planning tools. On the left is the Upmetrics interface, which is clean and user-friendly. It features a sidebar with icons for 'Profit & Loss', 'Balance Sheet', and 'Cash Flow'. The main area displays a 'Financial Plan' with a 'Profit & Loss' section for the year 2023-24. A pop-up window asks 'What price will you charge for each unit?' with a 'Convert Amount' button and a 'Varying amounts over time' option. On the right is a standard spreadsheet interface with a grid and various toolbars. A green document icon with a grid pattern is positioned to the right of the spreadsheet.

	2023-24	2024-25
Revenue	\$241,291	\$181,811
Cost of Sales	\$16,620	\$27,233
Gross Margin	\$191,756	\$154,276
Gross Margin (%)	79.5%	85.4%
Operating Expenses	\$214,379	\$174,987
	104	\$1,279
	0.2%	\$6,657.01
	0.2%	\$102,888.01
	0.2%	\$6,621.89
	0.6%	2,356
	0.2%	\$184,670.77

Upmetrics could be your way out of boring & clumsy spreadsheets. Simply enter the numbers, and get accurate and easy-to-understand financial reports made in minutes - no more remembering complex formulas or fussing in the spreadsheet.

Creating a stunning and investment-ready plan requires no writing, graphic designing, or financial planning expertise.

Upmetrics has all the features required to help you create a comprehensive business plan—from start to finish. Make no mistakes, it's the modern way of planning to structure ideas, make plans, and create stunning pitch decks to awe investors.

Pitch decks that impress investors

Create pitch decks that provide a visual representation of your business, engage investors, and make them want to invest in your business idea.

Stunning cover page designs

With Upmetrics, you have the liberty to choose from multiple stunning cover page designs. Choose a creative design and make your plan stand out.

Online sharing made simple

Upmetrics makes online sharing quick and easier for users. Easily share your business plans with a link while tracking reader activity.

Interactive plans in no time

Import business plan sections like—SWOT analysis, comparison tables, and others to create an interactive business plan. No designing skills are required.

500+ sample business plans

Simply import a template from our library of sample plans into the editor and start customizing it to make it yours. It takes only a few clicks to get started.

Collaborate with team in real-time

Invite team members, initiate conversations, discuss ideas & strategies, share feedback, and work on a business plan in real-time.

Mariia Yevlash

Student, Sumy State University – Ukraine

The most helpful feature was to make a business plan out of a simple idea. Thankful for all the tools provided, especially AI which did a great impact on my work.
