Spreadsheets can be a powerful tool for preparing complex financial reports and forecasts. However, using them can be quite time-consuming, intimidating, and frustrating.

The image shows a side-by-side comparison. On the left is the Upmetrics 'Financial Plan' interface, which is clean and user-friendly. It features a sidebar with 'Profit & Loss', 'Balance Sheet', and 'Cash Flow' options. The main area displays a 'Profit & Loss' statement for the year 2023-04, with columns for 2023-04 and 2024-03. Below this is a calculator for 'What price will you charge for each unit?' with a 'Calculate Amount' button and a 'View previous calculations' link. On the right is a screenshot of a traditional spreadsheet, showing a grid with formulas like '=PERC(100)' and a complex formula bar.
