# Upmetrics vs Financial Spreadsheets

Spreadsheets can be a powerful tool for preparing complex financial reports and forecasts. However, using them can be quite time-consuming, intimidating, and frustrating.

The image shows a side-by-side comparison of financial planning tools. On the left is the Upmetrics interface, which is user-friendly and visually appealing. It features a sidebar with icons for 'Profit & Loss', 'Balance Sheet', and 'Cash Flow'. The main area displays a 'Financial Plan' for 'Profit & Loss' for the year 2023-24. Below this is a table with columns for 2023-24 and 2024-25. A pop-up window asks 'What price will you charge for each unit?' with a 'Comment Ahead' button and a 'View previous data over time' link. On the right is a standard spreadsheet interface, which is cluttered with many icons and a complex grid of cells. A green document icon with a grid pattern is positioned to the right of the spreadsheet.

	2023-24	2024-25
Revenue	\$245,391	\$261,811
